Great! I will schedule time for us on the 28th.

Nothing in particular – we can walk through the work plan and see if anything comes up from that. I do have your midyear reporting from May as well, so I can have that handy.

Thank you!!

AJ McCullough

Amanda,
The 28th works best for me. Either time is fine. Is there a list of documents that you will need for the meeting. Just let me know.

Subject: Advanced Monitoring for the Tidewater Air Monitoring Evaluation Project

Good afternoon!

The VADEQ Community Scale Air Toxics grant (XA96388301) that ends on 9/30/23 was selected for advanced monitoring. I would like to set up some time the week of Sept 27th to conduct the review - it shouldn't take more than 30-45 minutes.

The advanced monitoring is just an in depth discussion on the grant progress, project issues and workplan commitments. After the review we will provide a report for your records. Let us know if any of these dates work for you and I will send out a MS Teams invite. Also, let me know who else I should include on the invite. Thanks and have a great day.

Monday, September 27th @ 1PM-5PM

Tuesday, September 28th @ 9-11AM or 1-2PM

Wednesday, September 29th @ 11AM-noon or 3:30-5PM

Thanks!

AJ McCullough
